shipments of American cotton held up by England probably will be condemned by the prize court. This was indicated by a ruling announced today by the Board of Trade, which holds that if the ownership of cotton shipped under the agreement with American exporters passes from the American shipper to an enemy of Great Britain it will not be purchased by the British government under the terms of the greement.

Premier Asquith touched on the cotton question in the house of Commons to-day during the debate on the new

to-day during the debate on the new vote of credit.

"The government is not without hope," he said, "that we shall obtain without much delay a more satisfactory and more adequate solution of the various difficulties surrounding the cotton question than has yet been possible. I am not satisfied myself with the existing state of things. I believe a great deal of this material, which is a necessary ingredient in the manufacture of some very formidable kinds of ammunition, reaches the enemy which ought not to reach him. On the other hand, we have to be very careful in the exercise of our belligerent rights not unduly to infringe on the trading intermining the same telephone operator at 16 Dey Street.
